

EXHIBIT 19

Welcome to Google Nest.
Build your helpful home.

A collection of Google Nest smart home products is displayed in a modern, minimalist setting. The products include a smart display showing a green abstract image, a smart speaker, a smart thermostat, a smart camera, and smart lighting. The products are arranged on a white surface against a light blue and white background. The text "Welcome to Google Nest. Build your helpful home." is displayed in the upper right corner.

Just say "Hey Google" to get hands-free help³.

¹ Some features, including mobile alerts, remote control and custom schedules, require the Nest app, working internet and Wi-Fi, and Nest Connect or Nest Guard. Notifications are provided for convenience and should not replace ordinary care in locking your door.

² Some features, including mobile notifications, remote control, video streaming and video recording, require working internet and Wi-Fi. Nest Aware subscription may be required (sold separately).

³ Google Assistant requires a Google Account.

⁴ Home size, materials and layout can affect how Wi-Fi signal travels. Larger homes or homes with thicker walls or long, narrow layouts may need extra Wi-Fi points for full coverage. Strength and speed of signal will also depend on your internet provider.

⁶ Google does not perform your Pro installation and has no responsibility or liability for the installation. Its partner with Handy and OnTech, who are independent of Google. Handy is a platform for home services that connects individuals to professional installation partners, including OnTech, who will install your Google Nest Products. The professional installer connected to you is not an employee, subcontractor or agent of Google. For your convenience you can pay for your installation through Google Store, but Google accepts the payment on behalf of Handy, whose network of licensed installers perform the installation.
